

BURT'S BACK

Heart surgery hasn't slowed down **Burt Reynolds**. The acting legend, 74, is currently filming scenes for *Burn Notice*, guest-starring as a retired operative. The USA Network show returns June 3.

The Jupiter resident who played football for FSU told The Palm Beach Post he feels "like a million bucks" after his quintuple bypass in March.

Though Reynolds was advised not to exercise for a few weeks, he's back working out: "I'm actually doing better and feeling better than I have in a long time," he said.
