

THE INSIDER

ACTION! Miami-Dade County's Office of Film and Entertainment is poised to handle film permitting for two more municipalities. Agreements with Sunny Isles Beach and Hialeah are in the works. Commissioners gave the initial OK at a committee meeting last week. The deals would mean \$100 for the county with every film permit processed on behalf of the cities. Now, the office handles one-stop online permitting for the county and the cities of Miami and Miami Beach, its Web site says, "as well as for most other local municipalities."
